summary

I am a designer currently living and working in Munich with 10+ years working experience, mostly running my own one-person agency, but also as freelancer for different agencies.

Concept/strategy and corporate identity for small/mid-size corporations and individuals are among the most common areas of my work. Also print production, UI Design and frontend development (mostly custom wordpress-themes) as well as illustration and animation are in my portfolio. On occasion i create storyboards for feature films and commercials.
